Crufts 2027: Entries are open

Your chance to compete at the world's greatest dog show

Exhibitor entries opened on Tuesday 17 November for Crufts 2027, which is taking place at the NEC in Birmingham from Thursday 4 - Sunday 7 March next year.

Crufts 2027 will showcase over 220 pedigree breeds, beginning with the Gundog group on Thursday 4 March, Working and Pastoral groups on Friday 5 March, Terrier and Hound groups on Saturday 6 March and concluding with the Utility and Toy groups on Sunday 7 March. Elsewhere, the Junior Warrant final, Vulnerable Breeds final and Breeders competition will also take place on the Thursday, and the Joe Cartledge Memorial International Junior Handling competition on the Friday.

Last year saw over 18,698 dogs competing for Best in Show, with the most overseas dogs entered than ever before - 4,299 dogs from 50 countries. Crufts 2027 will, for the second time, see a dog grooming competition spectacular, showcasing the artistry and precision of top dog grooming talent from all over the world.

In the breed rings, Korthals Griffon, Xoloitzcuintle (Mexican Hairless) Standard and White Swiss Shepherd exhibitors have breed classes scheduled for the first time.

To enter Crufts 2027, or to find out more about qualification, visit crufts.org.uk/crufts-entries. Postal entries close on Monday 4 January 2027 and online entries close on Monday 18 January 2027. The schedule is available through Fosse Data Systems Ltd and the Royal Kennel Club would like to thank Fosse Data for running Crufts entries.

The Royal Kennel Club is also calling for anyone competing at Crufts - in any activity or discipline - to help to promote the benefits of dog ownership, dogs in society and taking part in canine activities. To help showcase the people and dogs that make Crufts so special, exhibitors are invited to share their stories via the online form at **crufts.org.uk/crufts-stories/**

Tom Mather, Crufts Chairman, commented: "Crufts is a unique

celebration of dogs and the people who love them, bringing together competitors from across the UK and around the world. We would encourage anyone considering taking part at Crufts 2027 to submit their entry and be part of this extra special event.

"Every exhibitor has their own journey and experiences with their dogs, and those stories help showcase the special bond between dogs and their owners. We look forward to welcoming competitors to Crufts 2027 and sharing some of the many ways that dogs enrich our lives."

Across the four days of the show, Crufts welcomes nearly 20,000 dogs, 155,000 visitors and sees over 8 million TV viewers tune into the Channel 4, More4 and All4 broadcast. All the main arena action is also live streamed on the official Crufts YouTube channel.

Young Kennel Club Pat Dufty Legacy Award

The Young Kennel Club Pat Dufty Legacy Award recognises an individual or group of volunteers who have positively influenced the Young Kennel Club, through their voluntary work. Whether they have demonstrated exceptional leadership, established programmes to support members or implemented sustainable change, the award celebrates those who have made a lasting and meaningful impact that others will continue to benefit from.

These awards are named in honour of the Young Kennel Club long term champion and supporter, Pat Dufty. Being part of the KCJO/YKC since the beginning, Pat was the ultimate volunteer, delivering countless training days and events as well as supporting and mentoring future YKC volunteers.

Is there a YRKC volunteer you would like to nominate for 2027? You can nominate in the Inspiration for Future Volunteers category - make sure you nominate to see who will win at Crufts 2027. Closing date: Friday 29 January 2027.

Heidi Hudson/Royal Kennel Club©

Last month ahead of Remembrance Sunday, RKC Vice-Chair Yvonne Rawley MBE, attended the Animals in War Memorial commemorate ceremony in London, on behalf of the Royal Kennel Club, alongside Bob, our resident office dog, owned by Heidi Hudson.

The memorial honours the animals that served alongside the British, Commonwealth and Allied forces, recognising the vital roles they played and the sacrifices they made during times of conflict.

RKC announces improvements to Judges Education Programme

The Royal Kennel Club (RKC) has announced continuing improvements to its Judges Education Programme (JEP) for dog shows, following recommendations from the JEP Review report and valuable ongoing feedback from stakeholders.

Since the RKC received the report in May 2026, the team has developed changes intended to strengthen the programme while making it simpler, clearer and more flexible for everyone involved.

The RKC would like to thank judges, Breed Education Coordinators (BECs), breed clubs and councils, show organisers and exhibitors for their patience, support and valuable input as work continues to enhance the JEP.

The further improvements being developed for the JEP include:

ALL JUDGES

- **Critiques Website improvements** planned for 2027 are being brought forward providing for a better experience for judges and exhibitors.
- **Find A Judge will be improved,** making it easier for judges to showcase their experience and for show organisers to search for and identify suitable judges.
- **Judge Licensing will be introduced** during 2027 at no initial cost to judges. This will provide a clearer framework for maintaining standards, supporting continued development; and help to ensure judges' details remain accurate and up to date.
- **Hands-on Experience and Judging Appointment Requirements** will be revised to ensure they remain relevant and meaningful.
- **Breed Specific Assessments** (BSAs) are being reformatted to provide a clearer and simpler way for judges to demonstrate their breed knowledge and understanding.
- **Eye For A Dog Assessment** (EFAD) will remain a requirement for approvals for new Level 5 Group and Level 6 Best in Show judges. Flexibility will be introduced for judges wishing to expand their Level 4 breed judging with or without an Eye For A Dog Assessment pass.

POINTS OF CLARIFICATION

- **Group and Best in Show judging at Open Shows** there will be no immediate changes to the eligibility of judges to judge such appointments. The JEP Review recommended a change for general and group open shows to require judges to have passed the Eye For A Dog Assessment to judge Best in Show and Groups for which they are not breed qualified at Level 4 (CC) status. In time, the RKC intends to move forward with introducing the change.

To allow judges and show organisers sufficient opportunity to plan and adjust, there is no intention to introduce these changes before 1 January 2030.

- **Any Variety (AV) Classes, Stakes and Groups at General and Group Championship shows.** Judges appointed to judge AV classes, stakes classes, puppy group, junior group, veteran group, or special beginners group must be eligible and listed at Judges Education Programme Level 5 or above; or eligible and listed at Level 4 for at least one breed and have passed the Eye For A Dog assessment. Or, in accordance with current practice, eligible and listed at JEP Level 4 for at least three unconnected (i.e. non-variety) breeds.

This change is effective from 1 January 2027; and judges and show organisers should plan accordingly.

For judging appointments taking place on or after 1 January 2030, judges appointed to judge AV classes, stakes classes, puppy group, junior group, veteran group, or special beginners group must be eligible and listed at Judges Education Programme Level 4 or above and have passed the Eye For A Dog assessment.

- **Judging Intervals** the RKC is implementing the recommendation to adjust championship show level judging intervals. This has been much called for from our exhibitor community.

From 1 January 2029, the judging interval for Group and Best in Show appointments will expand from 9 months to 12 months.

RKC announces improvements to Judges Education Programme - continued

Continued from page 3

From 1 January 2030, the judging interval for breed Level 4 (CC) appointments will expand from 18 months to 24 months.

Judges and show organisers should start to plan accordingly.

• **Supported Entry Open Shows** as part of the commitment to look for ways to simplify the JEP, this regulatory requirement is being removed from 1 January 2027.

The RKC encourages and recommends breed clubs to proactively and creatively engage with and support our general and group open dog show scene. It remains a vital means for breed judges to develop their judging experience and knowledge. This is best achieved in a flexible and pragmatic way without the need for prescriptive mandatory regulation. The RKC will keep this area under review.

LEVEL 5 AND LEVEL 6 JUDGES

• **Revised Requirements**. The RKC continues to listen and the minimum criteria for consideration for approval for new Level 5 Group and Level 6 Best in Show judges are being replaced with more clearly defined thresholds as recommended in the JEP Review report. This will provide for more simplicity and transparency.

LEVEL 2 AND LEVEL 3 JUDGES

• **Mentoring and Observation** will be simplified to provide greater clarity, flexibility and opportunities for judges to progress when they are ready. Level 3 observation will cease as a separate activity and requirement, replaced by an additional Level 3 mentoring session. This will allow observer and mentor lists to be combined, creating a simpler and more streamlined approach. The criteria for maintaining and expanding mentor lists will also be reviewed to increase the availability of mentors and better support judges in training.

Many judges in training start their mentoring journey with Group mentoring often alongside attendance at a Breed Appreciation Day (BAD). Group mentoring will be repositioned from a Level 3 to Level 2 activity and requirement.

NEW JUDGES BEGINNING THEIR JUDGING JOURNEY

• **Level 1 Training Courses and Assessments** will be redesigned, strengthening the foundations and support available to those beginning their dog show judging.

WHAT DOES THIS MEAN FOR JUDGES?

The aim is to make the JEP easier to understand and navigate, with clearer expectations at each stage of a judge's development.

These changes will be introduced progressively during the rest of 2026 and into 2027 and beyond. Information and guidance will be provided throughout the change process.

Improvements that have a significant impact on those involved with the JEP will be communicated well in advance. They will be introduced in a reasonable, measured and managed way, with engagement, communication and cooperation at the heart of the implementation process.

More limited operational improvements will be communicated directly to BECs and those judges affected.

The guiding principle throughout remains business as usual until changes are announced and introduced.

All JEP-related materials, including website content and Codes of Best Practice are being reviewed and updated. The RKC would like to thank all stakeholders for their patience while this major task is completed.

WHERE IS MORE DETAILED INFORMATION AVAILABLE?

For the latest information, including updates as they are announced, please refer to the JEP section of the Judging Dog Shows page of the RKC website.

WHAT IMPROVEMENTS HAVE BEEN MADE SO FAR?

July 2026:

- Introduction of the Level 4 Breed Specific Assessment (BSA) relaxation.
- Introduction of a new rolling application procedure for Level 4 breed status for Level 5 Group Policy Judges.

August 2026:

- Greater flexibility within JEP levels and between Levels 1 and 2. Requirements no longer need to be completed in a prescribed order within a JEP level; and Level 2 Breed Appreciation Days (BADs) and Multiple-choice Examinations (MCEs) may be undertaken before completing Level 1.
- Simplification of Level 3 requirements. Attendance at a field trial/gundog test and the German Shepherd Dog seminar and examination are no longer mandatory.
- Mentoring restricted to focus on up to two mentoring sessions per day for two different breeds.

September 2026:

- Judges who have not yet achieved Level 4 status in any breed are limited to registering a maximum of 10 breeds at Level 2 or Level 3 to better focus their early-stage judge training and experience.
- New Level 5 Group judges are required to have attended a BAD and passed an MCE for remaining breeds within their Group before achieving Level 2 status for those breeds.

More information is available in the JEP section of the **Judging Dog Shows** page of the RKC website

Accredited Trainers for Breed Shows

The Royal Kennel Club is proud to present our network of Accredited Trainers for Breed Shows - experienced individuals who are authorised to deliver seminars across a range of judging topics. Their profiles are included below to help clubs and individuals identify who they are, where they're based, and which seminars they are qualified to present.

Each trainer brings a wealth of knowledge and practical insight, supporting the development of judges and the wider dog show community. Clubs are welcome to contact trainers directly to organise seminars, whether in-person or online.

If you have any questions, please feel free to email the Accredited Trainer listed in the profile, or contact the Judges Education Team at **Judges.Seminars@royalkennelclub.com**

E: woodbriardobes@outlook.com
T: 01752 823106

Debbie has been judging since 1985 and is a Working and Pastoral Group judge. She has judged Best in Show, Working, and Pastoral Groups across the UK, and has bred and owned top-winning Dobermanns and Belgian Shepherds.

Debbie is deeply involved in the canine community, serving as Vice-President and Secretary of Plymouth & District Canine Society, and previously holding long-term roles with the South West Dobermann Club and South West Working & Pastoral Breeds Association.

She also runs ringcraft and Good Citizen Dog Scheme classes, supporting handlers and dogs at all levels. She has attended and passed a wide range of breed-specific seminars and assessments across both Working and Pastoral groups. These include Mastiffs, Boxers, Newfoundlands, Siberian Huskies, Australian Shepherds, Neapolitan Mastiffs, and many more.

Her seminar experience spans over two decades and reflects her commitment to continuous learning and breed understanding.

Fun Fact: Debbie cultivates Canna lilies and volunteers with swan rescue!

Carole Smedley

SEMINARS:
- Requirements of a Dog Show Judge (in-person)

E: ca.antoc@btinternet.com
T: 01425 672424

Carole has been part of the Accredited Trainer programme since its inception in 1999, when meetings began at Aston University. She's delivered countless seminars over the years, combining her passion for judging and showing with a dedication to helping others-grateful for the support she received during her own journey.

Currently a Royal Kennel Club member, Carole has had the honour of judging at Crufts 5 times across 3 breeds. Her goal has always been to make seminars relaxed, informative, and welcoming.

Originally approved to deliver 'Rules and Regulations (Breed Shows)', she's taken a step back due to family health matters but hopes to return soon.

Cath's passion for showing dogs began in the early 1980s with her first show dog, a blue roan Cocker Spaniel 'Ross' from the Hallain kennel, she fell in love with the Bearded Collie in the late 1990s and 'Sasha' from the Willowmead kennel was the start of her continuing journey in the show world.

She awarded her first set of CCs in Beardies in 2013 and now awards CCs in 28 breeds and 2 groups at Championship level, she considers every judging appointment a privilege and endeavours to write her critiques in a timely manner for the benefit of the exhibitors.

Cath currently hosts Points of a Dog and prides herself on ensuring the candidates are relaxed and understand the seminar procedure before continuing, people are naturally anxious about taking exams and it's so important to put them at ease before testing begins.

Fun Fact: Cath is a bit of an adrenaline junkie enjoying parasailing and recently rode Velocity, currently the fastest zipwire in the world despite her intense fear of heights!

- Points of The Dog
- Conformation and Movement

E: sue.finnett@icloud.com
T: 07768 642211

When Sue first started showing dogs, she quickly realised she needed to understand conformation and movement to improve her chances. She practised with her own Deerhounds and racing Greyhounds, having worked as a Greyhound vet for several years. When Conformation and Movement trainers were being sought, she and Hector applied and were accepted.

They used a Deerhound skeleton, their first champion - which even travelled with them to a seminar in Holland, thanks to a special DEFRA letter confirming he was rabies-free!

It's been a joy for her to see attendees compare bones on a live dog, like a Saluki or Whippet, with the skeleton and say, "I finally understand front construction!". She now judges several hound breeds and the Hound Group, and she's still learning - that's what keeps it fun.

Fun Fact: Their daughter, aged 7, once asked, "Where's the coupling?" and "Where's the brisket?" after reading their seminar diagrams. She went on to take the POD at Windsor Ch Show and passed - with just one mistake!

RKC File for December

Amendments to Breed Standards

CHOW CHOW

At its recent meeting the Board approved the following amendments:

Effective 01 December 2026.
Additions underlined. Deletions struck though.

GENERAL APPEARANCE Active, compact, short coupled and essentially well balanced, maintaining good width throughout. Leonine in appearance, upstanding with a proud, dignified bearing; well-knit frame; tail carried well over back. ~~Should always be able to move freely and must not have so much coat as to impede activity or cause distress in hot weather.~~ Unique style of movement and bluish-black tongue are essential breed characteristics.

~~CHARACTERISTICS Quiet dog, good guard, bluish-black tongue; its distinctive short-striding gait allows it to move freely, never lumbering and with excellent endurance.~~

IMPORTANT PROPORTIONS Squarely built. Length of body from point of shoulder to point of buttock equal to height at withers maintaining good width throughout. Distance from withers to elbow is equal to the distance from elbow to ground. Muzzle moderate in length, and never less than one third of skull.

TEMPERAMENT Quiet, independent, loyal, yet aloof.

HEAD AND SKULL Skull flat, broad; stop not pronounced, well filled out under eyes. Muzzle moderate in length, broad from eyes to end (not pointed at end like a fox). Nose, large and wide in all cases, black with exception of cream and near white in which case a lighter coloured nose permissible, and in blues and fawns a self-coloured nose (but black preferable in all cases).

EYES Dark, oval shaped, medium size, clean and free from entropion. In blues and fawns, lighter colours permissible in keeping with coat colour.

EARS Small, thick, slightly rounded at tip, carried stiffly and wide apart but tilting well forward over eyes and slightly towards each other, giving peculiar characteristic scowling expression of the breed. Scowl never to be achieved by loose wrinkled skin of head.

MOUTH Teeth strong and level, jaws strong, with a perfect, regular and complete scissor bite, i.e. upper teeth closely overlapping lower teeth and set square to the jaws. Bluish black tongue essential. ~~A~~ Solid black mouth including the roof and flews is ideal. However, some dilution may be evident in the gums of blues and fawns and this dilution may be more pronounced in creams and whites.

NECK Strong, full, not short, set well on shoulders and well arched. Of sufficient length to carry the head proudly above the topline.

FOREQUARTERS Shoulders muscular, sloping and well laid. Upper arm well angulated. Elbows held close to the body in line with the withers. Elbows equidistant between withers and ground. Forelegs perfectly straight with good bone.

BODY Chest broad and deep. Ribs well sprung but not barrelled and carried well back. Sternum of good length. The distance from withers to elbow is equal to the distance from elbow to ground. Back short, level and strong. Loins ~~powerful~~ short and broad.

HINDQUARTERS In profile the foot is directly under the hip joint. Legs well boned. Well-developed first and second thigh with only slight bend of stifle. Hocks well let down. From hocks downwards to appear straight, never flexing forward. Quarters equal width to shoulder.

FEET Small, round, cat-like, standing well up on toes.

TAIL Set high, carried well over back.

GAIT/MOVEMENT Unhurried, yet purposeful. Relatively short striding, hind feet not lifted high, appearing to skim the ground, resulting in pendulum like action when seen in profile. Forelegs and hindlegs moving straight and parallel to each other ~~and straight forward,~~ whilst maintaining width. Any marked deviation from the aforementioned is undesirable. Should always be able to move freely and soundly with excellent endurance. ~~Dogs should always be able to move freely and soundly without any sign of distress.~~

COAT Either rough or smooth. Any artificial shortening of the coat which alters the natural outline or expression should be penalised, with the exception of feet which may be tidied.

Rough: profuse, dense, straight and stand off, but not excessive in length. Outer coat coarse, with soft woolly undercoat. Especially thick ~~round~~ around the neck forming a mane or ruff, and with good culottes or breechings on back of thighs.

Smooth: short, double coat, dense, straight, upstanding, not flat, plush-like in texture.

COLOUR Whole coloured black, red, blue, fawn, cream or white, frequently shaded but not in patches or parti-coloured (underpart of tail and back of thighs frequently of a lighter colour).

Any other colour or combination of colours unacceptable.

SIZE Dogs: 48-56cms (19-22ins) at ~~shoulder~~ withers. Bitches: 46-51cms (18-20ins) at ~~shoulder~~ withers.

FAULTS Any departure from the foregoing points should be considered a fault and the seriousness with which the fault should be regarded should be in exact proportion to its degree and its effect upon the health and welfare of the dog.

NOTE Current standard on RKC website Male animals should have two apparently normal testicles fully descended into the scrotum.

WEIMARANER

Addition underlined. Effective 01 December 2026.

FOREQUARTERS Shoulders well laid back. Forelegs straight and strong. Measurement from elbow to ground equal to distance from elbow to top of withers.

New Breed Standards

EPAGNEUL FRANCAIS (IMP)

At its recent meeting, the Board approved an interim breed standard for the Epagneul Francais (Imp). This is with effect from 1 January 2027.

BRIEF HISTORICAL SUMMARY The Epagneul Francais (French Spaniel), a Pointing dog Retriever working on land and used in water, originates in 17th Century France from bird dogs described by Gaston Febus. Selective breeding of diverse varieties of sporting spaniels produced an elegant, athletic, hunting dog with intelligent short range searching ability, accurate and quick location, pointing with style and intensity. The first standard was drawn up in 1891 by James De Connick.

GENERAL APPEARANCE Medium sized, hunting dog, suggesting strength and stamina. Active and elegant, without coarseness. Coat on body flat, or slightly wavy. Feathering on ears, back of forelegs, and more profuse on rear of hind legs.

ESSENTIAL PROPORTIONS Length of body from point of shoulder to point of buttock, slightly greater than height at withers, in the ratio 11:10. Length of the chest should be at least 60% of the length of the body. Ribbing extends back to significantly greater than half (approximately 60%) the overall body length of the dog.

TEMPERAMENT An intelligent, calm, willing worker. An ideal sociable companion.

HEAD AND SKULL Head of medium width, carried proudly, neither heavy nor lean. Skull fairly long, slightly rounded. Slightly longer than muzzle. Occiput evident to slight degree. Muzzle broad and deep. Viewed in profile, nasal bridge slightly convex. Planes of muzzle and skull slightly diverge. Close fitting upper lips, never pendulous, falling almost vertically at front, curving progressively upwards to be only slightly visible at corner of mouth.

Well-developed nose with large, open nostrils. Nose brown in colour with no pale spots.

EYES Oval, medium sized or slightly larger. Cinnamon to dark brown, and complementing coat colour. Eyelids close fitting, showing no haw. Upper eyelids well furnished with eyelashes.

EARS Rounded at the tips. Set on low, level with outer corner of eye. Hanging close to head, carried slightly back. Extending almost to base of nose. Hair on ears long, wavy and brown in colour.

MOUTH Jaws powerful. Large white teeth. Perfect, regular and complete scissor bite. i.e. upper teeth closely overlapping lower teeth and set square to the jaw.

NECK Moderate length. Muscular, slightly arched. Oval in cross section. No dewlap.

FOREQUARTERS Shoulders well laid back. Withers lean, well defined and broad. Viewed from front, forelegs straight and parallel. Pasterns strong and slightly sloping.

BODY Chest fairly broad. Ribbing deep, reaching to elbow, neither too flat, nor too rounded, rising to

RKC File for December

loin with moderate tuck up. Back moderately long. Loin fairly short, and muscular. Croup broad, slightly sloping, well covered. Topline slopes slightly from withers to croup and held firm standing, and moving.

HINDQUARTERSHips broad and muscular. Upper and lower thigh of equal length. Well-turned stifle. Hocks well let down; Viewed from the rear straight and parallel.

FEET Oval. Turning neither in nor out. Toes well-arched. Pads firm and dark. Nails strong, dark coloured. Feathering between toes. Rear feet slightly longer.

TAIL Set on just below level of back, reaching down to hocks. Carried curving downwards from the root then upwards at the tip in the shape of an "S". Furnished with long, wavy feathering, fairly short at the root, lengthening along the length and shorter towards the tip

GAIT/MOVEMENT Easy, supple, even and energetic, whilst remaining elegant, with topline level and no excessive rise or rolling action.

COAT On body of medium length, flat or slightly wavy. Sufficiently dense to be waterproof and weatherproof. Short and fine on head, front of the forelegs, front of hind legs and below hocks. Long and wavy on the ears, extending beyond the leather, as well as on the backs of the legs, front and rear. Feathering on forelegs distinctly longer at the forearm, extending to level of the pastern; on hind legs particularly profuse behind the upper thighs.

COLOUR Always White with Brown markings, with or without roaning. Roan markings and ticking not excessive. White blaze on the head desirable but not too wide. Absence of white marking on head not to be penalised. Brown can vary from cinnamon to dark liver.

Any other colour or combination of colours unacceptable.

SIZE Dogs: 56-61cms (22-25ins) Bitches: 53-59cms (20¾-23¼ins)

Tolerance of 2cm (¾ins) above and 1 cm (⅜ins) below is acceptable

FAULTS Any departure from the foregoing points should be considered a fault and the seriousness with which the fault should be regarded should be in exact proportion to its degree and its effect upon the health and welfare of the dog and on the dog's ability to perform its traditional work.

NOTE Male animals should have two apparently normal testicles fully descended into the scrotum.
