Royal Kennel Club hosts collaborative discussion on Innate Health Assessment

The Royal Kennel Club (RKC) recently convened a collaborative meeting bringing together representatives from the All-Party Parliamentary Group for Animal Welfare (APGAW), RKC and breed community to discuss the Innate Health Assessment (IHA).

Held at the RKC's offices in London on 29 April 2026, the meeting marked the first formal discussion facilitated by the RKC between APGAW and representatives from several breeds that have identified concerns or challenges relating to aspects of the IHA framework. The RKC summarised the meeting and provided a report to the attendees and APGAW on 19 May 2026.

The discussion provided an opportunity for attendees to share perspectives, raise questions, and identify areas for further consideration in relation to the assessment tool and its potential application across the wider dog breeding landscape. Conversations covered a range of topics including breed-specific health considerations, welfare assessment criteria, implementation challenges, and the importance of protecting genetic diversity alongside canine health and welfare.

Charlotte McNamara, Chief Canine Wellbeing and Engagement Officer at RKC said: "The RKC would like to thank all attendees for their time, expertise, and willingness to engage positively throughout the meeting. The meeting was constructive and open in nature, with all parties recognising the value of continued dialogue and collaborative engagement as discussions around the IHA develop further."

Outlined next steps as a result of the meeting from the RKC will entail: collating breed-specific feedback and supporting evidence raised during the discussion; facilitating further focused discussions with relevant breed representatives and stakeholders; continuing engagement with APGAW and the wider breeding community.

Further updates will be shared in due course.

Under law, no docked dogs are permitted to be shown at Crufts.

• Cropping

No dog with cropped ears is eligible to enter or compete at any Royal Kennel Club licensed event.

EXHIBITORS OF BULLDOGS, FRENCH BULLDOGS AND PUGS

All Bulldogs, French Bulldogs, and Pugs aged 14 months or over on or before Thursday 4 March 2027 must hold a valid Respiratory Function Grading (RFG) Scheme assessment to attend Crufts 2027. Dogs under 14 calendar months on the first day of the show are exempt from this requirement.

Dogs aged 7 years or over on the first day of the show are not required to have a certificate dated within the previous 24 months, however, they must have undergone at least one RFG Scheme assessment in their lifetime. This requirement applies to all dogs attending the show, not just those entered to compete. Dogs with a grade of 2 or 3 will not be permitted to attend the show.

International exhibitors must also have a valid RFG Scheme assessment in place, issued by an approved assessor in a country licensed to participate in the RFG Scheme. For up-to-date information on participating countries, please visit our website and the Respiratory Function Grading Scheme page or email health@royalkennelclub.com.

Health and welfare entry and advancement requirements for any breed or activity, such as health testing, veterinary checks, or other conditions, may be introduced or amended for Crufts 2027 and subsequent years. Any such updates will be communicated in advance of the show.

Study analyses genetic variation in breathing function in Bulldogs, French Bulldogs and Pugs

New research shows Brachycephalic Obstructive Airway Syndrome (BOAS) can be improved through informed breeding decisions.

A new study, launched on May 13, analysing the UK's largest standardised dataset of respiratory function grades in Bulldogs, French Bulldogs and Pugs shows that differences in breathing function are influenced by genetics within these breeds.

The research, conducted by the Royal Kennel Club (RKC), demonstrates that meaningful improvements in respiratory health are achievable through informed breeding decisions, supported by the Respiratory Function Grading Scheme (RFGS), marking an important step forward in improving the welfare of brachycephalic dogs. The paper, led by The Royal Kennel Club's Geneticist Dr Joanna Ilksa, has been published in the peer-reviewed journal PLOS One, highlighting the organisation's growing contribution to high-impact scientific research.

The brachycephalic (flat-faced) head shape of these breeds is commonly linked to Brachycephalic Obstructive Airway Syndrome (BOAS), a respiratory condition that impairs normal breathing; however, not all dogs within these breeds are affected. To help guide breeding decisions with scientific evidence, the Royal Kennel Club and the University of Cambridge launched the Respiratory Function Grading Scheme in 2019. The scheme uses a standardised examination and exercise test to assess breathing in individual dogs, particularly those being considered for breeding, while also generating valuable population-wide data.

For the recently published paper, RKC researchers analysed over 4,000 RFGS assessments across Bulldogs, French Bulldogs and Pugs, alongside pedigree records, to better understand the genetic basis of respiratory function and evaluate participation in health screening across the RKC registered, UK population of these breeds.

The study found that the prevalence of Brachycephalic Obstructive Airway Syndrome (BOAS) in the largest sample studied to date across the three breeds was between 16 and 20 percent. Importantly, the results showed moderate heritability of respiratory function (between 22 and 45 percent), indicating that selective breeding can lead to measurable reductions in the prevalence of the condition.

As a result of these updated prevalence figures and the continued evolution of evidence from the scheme, the Royal Kennel Club is updating its breeding advice within the Respiratory Function Grading Scheme. From 13 May,

“Our findings provide clear evidence that respiratory health in these breeds is influenced by genetic differences between dogs, and importantly, that improvement is achievable through selective breeding.

all mating pairings involving a Grade 2 dog will be designated as “red” (not recommended), reflecting the updated evidence and increased confidence in the scheme's guidance for breeding decisions. The research also identified that nostril stenosis, a narrowing of the nostrils, is heritable and genetically linked to respiratory function, although it is a distinct trait. In addition, the study highlighted that dogs bred outside of breed standards, such as those with non-standard colours, are less frequently presented for testing, despite making up a significant proportion of the population. Overall participation

in the scheme remains relatively low, suggesting further engagement is needed to maximise its impact.

Dr Joanna Ilksa, Geneticist and lead author of the paper, said: “Our findings provide clear evidence that respiratory health in these breeds is influenced by genetic differences between dogs, and importantly, that improvement is achievable through selective breeding. By using objective tools like the Respiratory Function Grading Scheme, breeders can make more informed decisions that prioritise health, helping to reduce the prevalence of BOAS over time.

“It is also important to recognise that this research is based on dogs within the Royal Kennel Club's registered population and may not reflect those bred outside of this system. This highlights the value of Royal Kennel Club registration, as participation in schemes like the RFGS allows registered dogs to contribute to scientific research that supports the long-term health and welfare of the breed.

“Increasing participation in health screening is also key to achieving progress and ensuring that future generations of these popular breeds can enjoy better quality of life.”

The analysis also found that age at testing had a statistically significant but very small effect on RFGS grades, consistent with previous studies showing minimal or no influence of age. In combination with the high repeatability of results, these findings have informed an update to the scheme's protocol. Therefore, from 1 June, the Royal Kennel Club will update the RFGS protocol so that repeat assessments beyond six years of age are no longer required, with assessments carried out at or after this age issued without an expiry date. are still recommended to be first tested from 12 months of age, with results valid for 24 months up to six years of age. Historic results will be automatically updated to reflect this change on Health Test Result Finder.

The research findings have informed updates to the scheme and support the continued development of breeding strategies focused on functional health, alongside increased uptake of screening, to help reduce respiratory issues and improve overall welfare in brachycephalic breeds.

As participation in the scheme continues to expand, it will be regularly

reviewed and refined to ensure it reflects the latest scientific evidence and remains a robust and consistent tool for supporting breeding decisions.

The full study, titled 'Quantitative genetic analysis of respiratory function and related traits in Bulldogs, French Bulldogs and Pugs', is available via **PLOS One**.

The Royal Kennel Club's Health team held a webinar on 20 May to share the paper's findings and discussed what they mean for breeders and owners. The webinar called RFG Heritability will be available to watch on the Royal Kennel Club's **You Tube Channel**.

Three breeds to transfer to Breed Register

The Korthals Griffon, White Swiss Shepherd Dog and Xoloitzcuintle (Mexican Hairless) Standard will transfer onto the Breed Register following successful applications made to the Breed Standards and Stud Book Committee. Please note that the other varieties of Xoloitzcuintle (Miniature

and Intermediate) will remain on the Imported Breed Register.

The Korthals Griffon was recognised by the Royal Kennel Club in 2004 and classified in the Gundog group. An interim breed standard was published in 2008 allowing the breed to be exhibited in Imported Breed Register classes.

The White Swiss Shepherd Dog was recognised in 2017 and classified in the Pastoral group. An interim breed standard was published in 2018.

All three sizes of the Xoloitzcuintle (Mexican Hairless) were originally recognised as the Mexican Hairless and classified in the Utility group. Interim breed standards were published in 2007 and the breed name was amended to Xoloitzcuintle (Mexican Hairless) in 2016.

From 1 January next year, the Korthals Griffon, White Swiss Shepherd Dog and Xoloitzcuintle (Mexican Hairless) Standard will be eligible for separate breed classes.

News from the Royal Kennel Club

June Kennel Gazette

This month's Kennel Gazette welcomes **The Rt. Hon. The Countess Bathurst, who highlights the vital work of the National Foundation for Retired Service Animals. The Border Collie Club of Great Britain celebrates its 50th anniversary with a milestone championship show and historic presentation, while Shelley Harrison, Senior Communications Manager at Agria Pet Insurance, reflects on its ongoing partnership with the Kennel Club Charitable Trust.**

In health, Dr Alison Skipper MRCVS, Veterinary & Reserve Advisor to the Royal Kennel Club, explores the history of extreme conformation and the latest tools supporting responsible breeding.

We also look ahead to the National Australian Shepherd Association's

pirate-themed 30th anniversary show weekend, a new exhibition at the Royal Kennel Club Art Gallery celebrating the contribution of women artists to its collection, and a special cultural gift from the Lithuanian Kennel Club. With Christmas on the horizon, readers are encouraged to book early for festive lunches at the Royal Kennel Club. Elsewhere, Basil and Blossom embark on another adventure, this time encountering the dreaded grass seeds.

Our breed of the month is the intelligent Spanish Water Dog. From its rural working origins in Spain to the international stage, we explore its enduring versatility and functional heritage. The Breed Health Co-ordinator reports on screening and emerging issues, while Spanish Water Dog Rescue shares its work supporting owners, including Ronnie's inspiring story.

We also celebrate the breed's success at the Minority Spaniel Working Test at The Game Fair, showcasing its ability in the field and the joy of water training. We meet Arlo, whose journey in the show ring continues to flourish. Behind the scenes, we look at the dedication involved in running the breed stand at Crufts' Discover Dogs, while enthusiasts share stories of dogs excelling in agility, rally, flyball and therapy work. Finally, seven judges reveal their three favourite Spanish Water Dogs they have judged in the show ring.

RKC receives Judges Education Programme Review report

The Royal Kennel Club (RKC) has received the report of the Judges Education Programme (JEP) Review Panel.

The Review Panel was commissioned by the Board to conduct a comprehensive evaluation of the JEP ensuring it continues to meet its objectives of improving judging standards, supporting breed education, and preparing competent, capable and confident judges for the future. The panel was appointed following an open call for volunteers based on an anonymised and independently scored selection process.

The Review Panel examined the requirements and eligibility for judging dog shows at all levels; and has now submitted its findings and improvement

recommendations to the RKC Board and Judges Committee.

The RKC extends its thanks to the JEP Review Chair David Craig and the members of the Review Panel; and all stakeholders who engaged in the process and shared their feedback, ideas and suggestions.

As previously communicated and agreed, the JEP Review report has been published in full by David Craig in his capacity as Chair of the Review Panel.

The RKC Board and Judges Committee will now take time to consider the extensive and detailed report; and assess the feasibility of adopting its

recommendations. Charlotte McNamara, Chief Canine Wellbeing and Engagement Officer and Barry Jones, Judges Education Manager, will support the Board and Judges Committee with this task.

Alongside publication of the report, the RKC will begin further communication and engagement with the pedigree dog and dog shows community to explain the next steps; and to continue to listen to stakeholders.

A further update, including details of the recommendations being adopted and indicative timelines for implementation, will be provided during Summer 2026.

Accredited Trainers for Breed Shows

The Royal Kennel Club is proud to present our network of Accredited Trainers for Breed Shows - experienced individuals who are authorised to deliver seminars across a range of judging topics. Their profiles are included below to help clubs and individuals identify who they are, where they're based, and which seminars they are qualified to present.

Each trainer brings a wealth of knowledge and practical insight, supporting the development of judges and the wider dog show community. Clubs are welcome to contact trainers directly to organise seminars, whether in-person or online.

If you have any questions, please feel free to email the Accredited Trainer listed in the profile, or contact the Judges Education Team at Judges.Seminars@royalkennelclub.com

- Requirements of a Dog Show Judge (in-person)

E: woodbriardobes@outlook.com
T: 01752 823106

Debbie has been judging since 1985 and is a Working and Pastoral Group judge. She has judged Best in Show, Working, and Pastoral Groups across the UK, and has bred and owned top-winning Dobermanns and Belgian Shepherds.

Debbie is deeply involved in the canine community, serving as Vice-President and Secretary of Plymouth & District Canine Society, and previously holding long-term roles with the South West Dobermann Club and South West Working & Pastoral Breeds Association.

She also runs ringcraft and Good Citizen Dog Scheme classes,

supporting handlers and dogs at all levels. She has attended and passed a wide range of breed-specific seminars and assessments across both Working and Pastoral groups. These include Mastiffs, Boxers, Newfoundlands, Siberian Huskies, Australian Shepherds, Neapolitan Mastiffs, and many more.

Her seminar experience spans over two decades and reflects her commitment to continuous learning and breed understanding.

Fun Fact: Debbie cultivates Cannalilies and volunteers with swan rescue!

Carole Smedley

SEMINARS:

- Requirements of a Dog Show Judge (in-person)

E: ca.antoc@btinternet.com
T: 01425 672424

Carole has been part of the Accredited Trainer programme since its inception in 1999, when meetings began at Aston University. She's delivered countless seminars over the years, combining her passion for judging and showing with a dedication to helping others-grateful for the support she received during her own journey.

Currently, The Kennel Club member, Carole has had the honour

of judging at Crufts 5 times across 3 breeds. Her goal has always been to make seminars relaxed, informative, and welcoming.

Originally approved to deliver 'Rules and Regulations (Breed Shows)', she's taken a step back due to family health matters but hopes to return soon.

Fun Fact: Taking 2 exhibits into a Brace class, when one slipped a lead and walked out the ring!

Durham

Cath Moffat

SEMINARS:

- Points of The Dog

E: kyleca1966@outlook.com
T: 07714 014887

Cath's passion for showing dogs began in the early 1980s with her first show dog, a blue roan Cocker Spaniel 'Ross' from the Hallain kennel, she fell in love with the Bearded Collie in the late 1990s and 'Sasha' from the Willowmead kennel was the start of her continuing journey in the show world.

She awarded her first set of CCs in Beardies in 2013 and now awards CCs in 28 breeds and 2 groups at Championship level, she considers every judging appointment a privilege and endeavours to write her critiques in a timely manner for

the benefit of the exhibitors.

Cath currently hosts Points of a Dog and prides herself on ensuring the candidates are relaxed and understand the seminar procedure before continuing, people are naturally anxious about taking exams and it's so important to put them at ease before testing begins.

Fun Fact: Cath is a bit of an adrenaline junkie enjoying parasailing and recently rode Velocity, currently the fastest zipwire in the world despite her intense fear of heights!

Christina grew up with GSDs, and other family breeds including Labradors, Golden Retrievers, and Smooth Fox Terriers.

After marrying and raising a family, she returned to showing with Norwegian Buhunds, Swedish Vallhunds, and an Alaskan Klee Kai - running a successful small kennel. She was Secretary of two general clubs and served 17 years on the Buhund Club Committee, including as President. stepped away from exhibiting.

An Accredited Trainer since 1999, Christina presents all core seminars across the UK (averaging 4-6 monthly) and has also delivered Conformation seminars in Australia and New Zealand.

She awards CCs in 27 breeds and judges the Working & Pastoral Groups and BIS at Championship level, with her first CCs awarded in 1984.

Sue Finnett

SEMINARS:

- Points of The Dog
- Conformation and Movement

When Sue first started showing dogs, she quickly realised she needed to understand conformation and movement to improve her chances. She practised with her own Deerhounds and racing Greyhounds, having worked as a Greyhound vet for several years. When Conformation and Movement trainers were being sought, she and Hector applied and were accepted.

They used a Deerhound skeleton, their first champion - which even travelled with them to a seminar in Holland, thanks to a special DEFRA letter confirming he was rabies-free!

It's been a joy for her to see attendees compare bones on a live dog, like a Saluki or Whippet, with the skeleton and say, "I finally understand front construction!". She now judges several hound breeds and the Hound Group, and she's still learning - that's what keeps it fun.

Fun Fact: Their daughter, aged 7, once asked, "Where's the coupling?" and "Where's the brisket?" after reading their seminar diagrams. She went on to take the POD at Windsor Ch Show and passed - with just one mistake!

KC File for June

Change of title

INITIAL CONSIDERATION

At its meeting in April 2026, the Shows Executive Committee approved for advertisement the following Change of Title application:

FROM: SOUTH OF SCOTLAND GSD & ALL BREEDS TRAINING CLUB

TO: SOUTH OF SCOTLAND GSD CLUB

APPROVED

At its meeting in April 2026, the Shows Executive Committee approved the following Change of Title application:

THREE COUNTIES RINGCRAFT (Previously Pershore & District Canine Training Society)

Rule A11

Appeals Tribunal

14 April 2026

Miss Sally Knowles

This is an appeal by Miss Sally Knowles from the decision of the Disciplinary Committee of 26 February 2026. The decision under appeal is annexed and relates to a complaint against Miss Knowles in that she misrepresented and/or provided certificates indicating attendance at Breed Appreciation Day (BAD) and Multiple-Choice Exam (MCE) for various breeds despite there being no record of attendance at such events or exams. In doing so,

Miss Knowles incorrectly certified herself as being eligible to judge the breed at the respective Judges Education Programme (JEP) level.

Appeal

Miss Knowles appealed the decision on the ground that the penalties imposed were disproportionate, particularly having regard to the context in which the conduct occurred, that she accepted responsibility, the absence of any risk of repetition and the wider practical consequences of sanctions.

Outcome

1. The Appeals Tribunal has reviewed the appeal to determine whether the penalties imposed by the Disciplinary Committee ought to be varied or maintained.
2. The Tribunal has noted that this was not a one off error but a series of successive deliberate actions.
3. The misrepresentation of the qualifying credentials being presented would obviously undermine exhibitor trust and confidence.
4. The Tribunal has noted that Miss Knowles had not previously accepted responsibility or shown any remorse or contrition in response to the RKC's investigation.

Miss Knowles does so now on appeal.

5. The Appeals Tribunal has taken account of the personal circumstances and impact of the decision but has had to balance this against the seriousness of the activities undertaken. Despite the explanations, the Appeals Tribunal could not easily understand why Miss Knowles took the actions that she did.
6. The Appeals Tribunal is of the view that all penalties should be maintained and endorsed the Disciplinary Committee's decision.

Penalties under Rule A11 must give a due proportionate reflection to the issues arising.

It is important to issue an adequate reflection of the

matter to the individual and support the trust and credibility of Royal Kennel Club/canine activities and its licensed events.

Annex

Disciplinary Committee

26 February 2026

Royal Kennel Club Rule A11; Miss Sally Knowles

The Committee having carefully considered the evidence, find that the complaint brought under Royal Kennel Club Rule A11 a (1) (b) against Miss Sally Knowles namely that she behaved discredibly or prejudicially to the interests of the canine world in that she has misrepresented and/or provided certificates indicating attendance at Breed Appreciation Day (BAD) and Multiple-Choice Exam (MCE) for various breeds despite there being no record of attendance at such events or exams. In doing so Miss Knowles has incorrectly certified herself as being eligible to judge the breed at the respective Judges Education Programme (JEP) level, is upheld.

The Committee impose the following penalties:

1. To warn her as to her future conduct [A11 j (1)]
2. To censure her [A11 j (2)]
3. To disqualify her from exhibiting at, taking part in, attending and/or having any connection with any event licensed by the Royal Kennel Club. If any person disqualified under this sub-paragraph shall attend any canine event whilst disqualified the Board shall have the power to increase the period of disqualification [A11 j (4)]
4. To disqualify her from being or becoming a member of any canine club or society registered with or affiliated to the Royal Kennel Club [A11 j (5)]
5. To disqualify her from acting as an officer or serving on the committee of any canine society [A11 j (6)]
6. To disqualify her from taking part in the management of any event licensed by the Royal Kennel Club [A11 j (7)]
7. To disqualify her from judging at any event licensed by the Royal Kennel Club [A11 j (8)]

The suspensions and disqualifications in respect of A11 j (4), A11 j (5), A11 j (6) and A11 j (7) are to be for the period of three (3) years from 26 February 2026.

The suspension and disqualification in respect of A11 j (8) is to be for Life from 26 February 2026.

The Committee noted that whilst Miss Knowles had engaged in the process and responded to the Complaint, she had not provided any cogent explanation of the misrepresentation and/or provision and uploading of the certificates in question. The Committee was concerned by the number of certificates in question.

Miss Knowles has not displayed the integrity expected of all approved judges and misrepresented credentials, fundamentally undermining exhibitor trust and confidence.

The Committee must take decisive and proportionate action to support and reflect this position.

At its meeting on 25 February 2026 the Field Trials Committee imposed the following:
