Royal Kennel Club

Annual health report 2025

Eye examination result by breed

Data calculated to 31/12/2025

The following summary covers all breeds that have been tested in the last 15 years, and the respective count of affected dogs during this time. The data reflect Kennel Club registered dogs only and dogs with repeated tests may alter final numbers. Please note prior to July 2017 gonioscopy grades were either affected/ unaffected, and following then grades were implemented for PLA (0-3). MRD results prior to 2019 are recorded in the open register (https://www.thekennelclub.org.uk/for-vets-and-researchers/mrd-eye-results/) NB: Individual results are not published for breeds which do not have a known inherited eye disease. Examinations performed on these breeds are recorded as 'observation made - results with owner'. Dogs reported to be affected by more than one known inherited disorder on examination have been input as affected for both conditon A and B separately. Dogs reported as affected with an inherited condition that has not been specified are included in the totals.
