take place on the Thursday, and the Joe Cartledge Memorial International Junior Handling competition and Vulnerable Breed final on the Friday.

Last year saw over 18,500 dogs competing for Best in Show, with the most overseas dogs entered than ever before - 3,952 dogs from 50 countries. Crufts 2026 will, for the first time, see the addition of Hall 8 as the brand-new home of the Young Kennel Club (YKC) - a vibrant and inspiring space dedicated to nurturing the next generation of dog lovers and handlers. The new hall will also play host to brand-new dog grooming competitions, showcasing the artistry and precision of top dog grooming talent from all over the world.

In the popular Discover Dogs zone, visitors can meet and learn about over 200 breeds - including three newly-recognised breeds on the Imported Breed Register - Hungarian Mudi, Icelandic Sheepdog and Pyrenean Mastiff. Over in the breed rings, Bolognese, Coton de Tulear, German Pinscher and Japanese Akita Inu have Challenge Certificates (CCs) for the first time while Russian Toy exhibitors have breed classes scheduled for the first time.

To enter Crufts 2026, or to find out more about qualification, visit crufts.org.uk/crufts-entries. Postal entries close on 5 January 2026 and online entries close on 19 January 2026. The schedule is available through Fosse Daya Systems Ltd and the Royal Kennel Club would like to thank Fosse Data for running Crufts entries. Exhibitors are asked to note that digital catalogues will be available once again this year. However, there will be the option to order a printed version if preferred, but they must be pre ordered on the entry form and collected at the show by 12 noon on the day they are valid.

Every year we look for remarkable stories that showcase the impact that dogs have on our lives

© BeatMedia/Royal Kennel Club

The Royal Kennel Club is also calling for anyone competing at Crufts - in any activity or discipline - to help to promote the benefits of dog ownership, dogs in society and taking part in canine activities. The organisation is looking for inspiring dogs and owners with interesting stories that it can communicate to the media in the run up to Crufts and during the show itself. To give competitors at Crufts the potential opportunity to tell their dog's story to the wider world, the Royal Kennel Club has set up an online form, which can be filled in by visiting crufts.org.uk/crufts-stories

Examples of stories that might be of interest are:

- Dogs that have changed their owners' lives, or positively impacted the lives of others
- Dogs and/or owners or handlers that have overcome the odds
- Dogs with jobs outside of the show ring, or the canine activity they take part in
- Oldest and youngest Crufts competitors
- Two or more generations of the same family competing at Crufts
- A family with a very long association with Crufts
- Competitors who found love through their dog

Tom Mather, Crufts Chairman, commented: "Every year we look for remarkable stories that show the wide range of people who enjoy taking part in dog showing and the many other canine activities and disciplines, to showcase the impact that dogs have on our lives and to share some amazing stories of what goes on outside of the show ring."

"If you are competing at Crufts 2026 and have a good story to tell or an interesting history with Crufts that you are happy to be

shared with the public, then let us know by filling out the online form and help us to show the world just how wonderful our dogs are."

Across the four days of the show, Crufts welcomes nearly 20,000 dogs, 155,000 people and sees over 8 million TV viewers tune into the Channel 4, More4 and All4 broadcast. All the main arena action is also live streamed on the official Crufts YouTube channel.

Crufts 2026 will introduce a two-day weekday ticket (valid for Thursday and Friday), giving visitors even more time to explore the show, alongside a Fast-Track Arena seating ticket, available for Friday or Saturday, which includes reserved seating in the main arena for unbeatable views of the action - without the queues.

More information and tickets for the event are available on the Crufts website:

crufts.org.uk

Tickets are free for under 8s, and advance tickets start at £16 for children (aged 9-15) and concessions, and £24 for adults (fees apply). Please note that tickets are only available through our official ticketing partner AXS.

Launch of Innate Health Assessment and development of Royal Kennel Club nose to tail

On Tuesday 18 November the All-Party Parliamentary Group for Animal Welfare (APGAW), launched the Innate Health Assessment (IHA), a voluntary conformational programme aimed towards licenced breeders.

The Innate Health Assessment (IHA) is an assessment of conformation that includes ten visible criteria, with dogs that score at least 8/10 awarded a pass. The assessment will be voluntary, and licensed breeders will be asked to self-assess their own dogs using the Innate Health Assessment process. The Royal Kennel Club is not requiring any owners or breeders to complete the assessment: as stated it is voluntary.

The Royal Kennel Club is committed to the principle that all dogs should have a body shape that enables them to lead a good quality of life. We therefore support the principle of initiatives such as the work of the All-Party Parliamentary Group for Animal Welfare (APGAW) and the Innate Health Assessment (IHA).

However, while we are supportive of the principles of Innate Health, we believe that for our pedigree breeder community, veterinary involvement is crucial to ensure a consistent and robust way of assessing conformation and recording data to help breeders demonstrate progress. We are therefore developing a robust, nose-to-tail veterinary assessment, which builds on over a decade of prior work with breeders committed to ensuring a healthier future for dogs.

It is worth noting that, while we have been involved in the development of the IHA in an advisory capacity, having been invited by APGAW to join a working group in 2023, the assessment criteria were not selected by us, and we have in fact raised concerns on several occasions about how these criteria may not best support breeders in our community.

At the beginning of 2026 we will be launching our new Future for Dog Breeding report. This report will

introduce our new 'Breeding for Health Framework'. A central aim of this framework is that every dog should have a body shape that allows it to lead a normal life and to display normal canine behaviour.

We will be keeping our communities updated with how this initiative progresses throughout 2026 and be coming to Breed Health Co-ordinators for each breed's insights and thoughts, particularly to those who run their own breed club health scheme already, as we appreciate they will have details and knowledge in this area that we can integrate into this project.

We have already held a drop-in session for Breed Health Co-ordinators to attend and are now in the process of the next steps of developing the RKC Nose to tail initiative, which as mentioned above will draw on the expertise and input of our breed communities. There will be more to

“We will be keeping our communities updated with how this initiative progresses throughout 2026”

be announced in this space over the coming weeks, with Breed Health Co-ordinators, licenced breeders and vets to be brought into focus group sessions to help us build a tool that will be beneficial and practical across our communities. Whilst the assessment is being managed independently of the Royal Kennel Club, our Public Affairs and Health Team can feedback from our communities to APGAW, so we look forward to bringing additional perspectives to this area of canine health.

We also congratulate the Staffordshire Bull Terrier Club committee on its 90th anniversary last year, which culminated in a superb championship show attended by Ian Seath. We are currently hosting our own Kennel Club survey investigating glaucoma development and risk later in life. If your dog has had a gonioscopy test as part of the BVA/KC/ISDS Eye Scheme, we'd be so grateful if you could complete our new short survey to help us.

Complete the short survey [here](#)

Please note that the form is one response for each dog due to data formatting. We appreciate any time taken to help our research!

All breeds

The aim of this research is to collate data around whelping milestones, in order to re-evaluate current recommendations and guidelines on whelping monitoring, and on management practices in brood bitches to improve mother and puppy wellbeing and puppy survival.

If you are interested, please complete the survey [here](#).

For further information, please contact Dr. Orsolya Balogh at obalogh@vt.edu or see website [here](#).

The aim of this research is to investigate how dog owners perceive routine husbandry (e.g. nail clipping) with their dogs and the extent they cause stress for themselves or their dog. The survey also explores other possible factors affecting the owner's and dog's perceived stress level during routine husbandry procedures.

If you are interested, please complete the survey [here](#).

Accredited Trainers for Breed Shows

The Royal Kennel Club is proud to present our network of Accredited Trainers for Breed Shows - experienced individuals who are authorised to deliver seminars across a range of judging topics. Their profiles are included below to help clubs and individuals identify who they are, where they're based, and which seminars they are qualified to present.

Each trainer brings a wealth of knowledge and practical insight, supporting the development of judges and the wider dog show community. Clubs are welcome to contact trainers directly to organise seminars, whether in-person or online.

Over the years, he has served on various committees in multiple roles, and he is currently the Chairman of Boston DCS. He recently stepped down as Treasurer, a position he held for over 30 years.

Ray has been presenting the Points of the Dog seminar for more than 15 years. Initially delivered for the Young Kennel Club, this seminar has

given members the opportunity to deepen their knowledge, while also supporting numerous adults who have successfully passed it as part of their judging career progression.

He also previously presented the Managing a Dog Show and Managing a Dog Society seminars, until these were discontinued.

Fun Fact: When he can, Ray is a keen match fisherman. Over the past year, he has proudly won two competition finals!

Sue Finnett

SEMINARS:

- Points of The Dog
- Conformation and Movement

E: sue.finnett@icloud.com
T: 07768 642211

When Sue first started showing dogs, she quickly realised she needed to understand conformation and movement to improve her chances. She practised with her own Deerhounds and racing Greyhounds, having worked as a Greyhound vet for several years. When Conformation and Movement trainers were being sought, she and Hector applied and were accepted.

They used a Deerhound skeleton, their first champion - which even travelled with them to a seminar in Holland, thanks to a special DEFRA letter confirming he was rabies-free!

It's been a joy for her to see attendees compare bones on a live dog, like a Saluki or Whippet, with the skeleton and say, "I finally understand front construction!". She now judges several hound breeds and the Hound Group, and she's still learning - that's what keeps it fun.

Fun Fact: Their daughter, aged 7, once asked, "Where's the coupling?" and "Where's the brisket?" after reading their seminar diagrams. She went on to take the POD at Windsor Ch Show and passed - with just one mistake!

David has been around dogs for a very long time, having first judged in 1975 while he was still a teacher at a very large comprehensive school. He has been at the forefront of judges education since 1980, and his column, Speakers'

Corner in Our Dogs, which often discusses many aspects of judging, has been running for over twenty-five years. His book 'Judging Dogs - Thinking Outside the Box' was published last year and provides many fresh and unique insights into the theory and practice of judging.
