Checklist:

If you would like to register your litter via this printed form, here is a check list to make sure we have all the information we need to process your application.

- Have you completed all sections required?
- Have you checked any breed-specific rules for your litter?
- Have you checked that the dam and sire are in the correct registered ownership?
- Have you checked all parties have signed the relevant boxes?
- Have you ordered your pedigrees?*
- Have you included the correct payment?
- Have you activated the Royal Kennel Club 5 weeks free cover for each puppy?

*Please note that pedigrees are sent separately.

What happens next?

1. Once your litter is registered you will receive a form (Form 6) to change the Royal Kennel Club registered ownership for each individual puppy. Sign the reverse of this form and pass to the new owner to enable them to change the Royal Kennel Club registered ownership.
2. If you have an online account with the Royal Kennel Club, please let us know who the new owner(s) are by visiting the 'manage dogs' section of your account and selecting the relevant puppy. Under the ownership section, you will be able to tell us the collection date, name(s) of the new owner(s) and their email address. We will then contact them to guide them through the change of ownership process and provide them with further advice and support once they bring their new puppy home.
3. Activate the **free** cover for each puppy you sell - cover can be activated up to 7 days before the puppy is collected by the new owner.

A guide to help you complete the litter registration form

Section 1 Applicant and additional owners

All registered owners of the dam at the date of birth of the litter should include their name on this application and all owners will be recorded and printed on any publications and documents relating to the dog. The applicant is the person who is applying for the registration either as the sole breeder or in partnership with additional owners. The address stipulated on this application should be the address where the puppies were born and, as such, any documentation will be sent directly to this address.

In the case of joint ownership, you, as the applicant of this litter application will act as the point of contact in regard to matters pertaining to the Royal Kennel Club.

However, any additional owners will also be able view the puppies' information if they sign up for an online account. Please note, in the case of joint ownership, any other joint owners of the dam must include their title, first name/initials, surname and unique email address in the additional owner section. The declaration must be signed by all registered owners of the dam.

It is important that you check the current legislation as required by law, in relation to dog breeding licences. Visit royalkennelclub.com/breeding-licence

Section 2 Registered name and number of dam of litter

An application to register a litter will not be accepted when: Regulation B22

1. The dam has already whelped four litters save in exceptional circumstances and only provided the application is made prior to the mating and with veterinary evidence as to the suitability of the bitch involved in the proposed whelping and permission has been received, or
2. The dam has already reached the age of 8 years at the date of whelping save in exceptional circumstances and only provided application is made prior to the mating, and the proposed dam has previously whelped at least one other registered litter and permission has been received. Any such application must be supported by veterinary evidence as to the suitability of the bitch involved in the proposed whelping, or
3. The dam was under one year old at the time of mating, or
4. The offspring are the result of any mating between father and daughter, mother and son or brother and sister, save in exceptional circumstances or for scientifically proven welfare reasons and permission has been received, or
5. The dam has already had two litters delivered by caesarean section, save for scientifically proven welfare reasons and this only provided the application is made prior to the mating.

Provided that the Royal Kennel Club reserves the right to refuse any application made under Regulation B22c.(1), (2), (4) and (5).

It is important to check for breed specific information on any breeding restrictions and the colours available for your breed, visit royalkennelclub.com/breeds-a-to-z

Please note: The term UK address includes Northern Ireland. This does not expand to include the Republic of Ireland and the Channel Islands, or bitches also registered with the Irish Kennel Club (IKC), the Guernsey Kennel Club (GKC) or The Kennel Club of Jersey (KCJ) who are still resident within these clubs' jurisdictions.

Section 6 Kennel name

Breeders who have a kennel name should enter it in this box.

The dam must be in the identical ownership to that of the kennel name holder.

Section 7 The sire owner(s) name and address

The sire owner(s) is the registered owner(s) of the sire at the date of mating of the litter. The declaration must be signed by all the registered parties. It is advisable to have this confirmation signed at the time of mating.

Section 8 Registered name and number of sire of litter

If the sire is registered with an overseas kennel club, and resident of the same country, in order for the sire to be recorded, the application must be accompanied with a copy of either the Three or Five Generation Pedigree (which cost £20 and £25 respectively) issued by the overseas kennel club confirming the registered ownership of the sire.

Please note: If the sire has previously been issued with an authority to compete number, the above requirement does not apply. Please write this number in section 5 in place of the Royal Kennel Club registration number.

Section 9 Litters produced by Artificial Insemination

If your litter was produced by artificial insemination (AI), the litter application form must be accompanied by a completed Form 2 - the Royal Kennel Club application for the registration of puppies produced by artificial insemination (AI).

Section 10 Caesarean Sections

The Royal Kennel Club will not register a further litter if the dam has already had two litters delivered by caesarean section, save for scientifically proven welfare reasons and this only normally provided the application is made prior to the mating.

Emergency caesarean

An operation which is performed under veterinary advice and which is considered necessary in the best interests of the health and welfare of the bitch and puppies.

Elective caesarean

An operation which is performed upon a request from the owner of a bitch.

NOTES: The Royal Kennel Club reserves the right to reject any application to register a kennel name or transfer any dog or to change or cancel or suspend any registration and may cancel or suspend any registration or transfer or grant of a kennel name already made.

The data and health screening results connected to your dog will be published and used for registration and publication in relevant Royal Kennel Club documentation as well as included in the Royal Kennel Club's health test result finder and inbreeding co-efficient calculator. The data may also

be used for research (statistical purposes) and shared with trusted and reputable partners for the sole purpose of undertaking research to improve dog health and welfare.

In the event that a breeder is required by law to obtain a breeding licence, that breeder may be required to produce his/her licence to the Royal Kennel Club. If such licence is not produced and / or no reasonable explanation is given, any applications to register litters may be refused.

Thank you for applying to register your litter onto the Royal Kennel Club Breed Register. By doing so you will be helping to safeguard your puppies' futures.

We kindly urge you to complete this form as early as possible to ensure all the relevant registration documents are available for the new owners at the time of sale/collection.

This form should be used by the breeder to register, by name, all puppies in a litter under 12 months of age (see note*).

Royal Kennel Club

General code of ethics

All breeders who register their puppies, and new owners who register ownership of their dogs with the Royal Kennel Club, accept the jurisdiction of the Royal Kennel Club and undertake to abide by its general code of ethics.

BREEDERS/OWNERS:

1. Will properly house, feed, water and exercise all dogs under their care and arrange for appropriate veterinary attention if and when required.
2. Will agree without reservation that any veterinary surgeon who performs an operation on any of their dogs which alters the natural conformation of the animal, or who carries out a caesarean section on a bitch, may report such operations to Royal Kennel Club.
3. Will agree that no healthy puppy will be culled. Puppies which may not conform to the breed standard should be placed in suitable homes.
4. Will abide by all aspects of the Animal Welfare Act.
5. Will not create demand for, nor supply, puppies that have been docked illegally.
6. Will agree not to breed from a dog or bitch which could be in any way harmful to the dog or to the breed.
7. Will not allow any of their dogs to roam at large or to cause a nuisance to neighbours or those carrying out official duties.
8. Will ensure that their dogs wear properly tagged collars and will be kept leashed or under effective control when away from home.
9. Will clean up after their dogs in public places or anywhere their dogs are being exhibited.
10. Will only sell dogs where there is a reasonable expectation of a happy and healthy life and will help with the rehoming of a dog if the initial circumstances change.
11. Will supply written details of all dietary requirements and give guidance concerning responsible ownership when placing dogs in a new home.
12. Will ensure that all relevant Royal Kennel Club documents are provided to the new owner when selling or transferring a dog, and will agree, in writing, to forward any relevant documents at the earliest opportunity, if not immediately available.
13. Will not sell any dog to commercial dog wholesalers, retail pet dealers or directly or indirectly allow dogs to be given as a prize or donation in a competition of any kind. Will not sell by sale or auction Royal Kennel Club registration certificates as stand alone items (not accompanying a dog).
14. Will not knowingly misrepresent the characteristics of the breed nor falsely advertise dogs nor mislead any person regarding the health or quality of a dog.

Breach of these provisions may result in expulsion from Club membership and/or disciplinary action by the Royal Kennel Club and/or reporting to the relevant authorities for legal action, as appropriate.
